

amiad filtration systems®

Customer: Lucent Technologies

Location: Denver, Colorado, USA

Filter Type and Quantity: 2x12" EBS W/50 μ

Water Source: Open basin cooling tower mainstream flow

Flow Rate: 3600gpm at 45psi

Installation Details: The tower was operating for 8 years w/o filtration. Manual cleaning and excessive use of chemicals finally led to the filters purchase. At start-up the filters were flushing every 5 minutes. The next day the system was clean enough to allow flush by PD every 2.5 hours.

Installation Date: 10/1998
