

amiad filtration systems®

Customer: Mary Washington Hospital

Location: Fredericksburg, Virginia, USA

Filter Type and Quantity: 2x 4" SAF 4500 W/10µ

Water Source: City water supply

Flow Rate: 400gpm at 100psi

Installation Details: The hospital is provided with city water supply via several miles long pipeline. Precipitated (previously dissolved) iron and pipe scaling and rust were apparent in the water. The two 10 micron filters are providing the necessary protection with 100% redundancy.

Installation Date: 5/2003
