

**amiad filtration systems®**

**Customer:** City of Myrtle Point

**Location:** Myrtle Point, Oregon, USA

**Filter Type and Quantity:** 5x 8" SAF 6000 W/100 $\mu$

**Water Source:** Local river

**Flow Rate:** 1200gpm at 45psi

**Installation Details:** The W.T.P. had problems with their Multi-Media filters plugging up when the river water ran high turbidity (during the runoff seasons). The Amiad filters were installed as pre-filters, allowing reasonable flush intervals to the Multi-Media by removing a great portion of the contaminant load.

**Installation Date:** 8/1998
